## PLATFORM

### Facebook Comments

---

To setup Facebook Comments, you need to create a Facebook App ID. It's easier than it sounds! Follow these easy steps and you'll be ready to have your audience commenting via Facebook commenting.

1. Launch the [Facebook Developers Page](#). If you're not already logged into Facebook, you'll need to log in first. (You DO need an active Facebook account for this to work.)
2. You'll see a button titled "Create App." Click this button.

**No apps yet**

To get started, create your first app.

Create App

3. When you click this button, you'll be prompted with a following pop-up. Select "Build Connected Experiences" option and click "Continue".

**Create an App** ×

What do you need your app to do?

- Manage Business Integrations**  
Create or manage Pages, Events, Groups, Ads, Messenger, Instagram Graph API or other types of business integrations.
- Build or Connect to a Game**  
Design and develop an Instant Game, or connect Facebook to an off-platform game.
- Build Connected Experiences**   
Connect consumer products like Facebook Login to your app to create convenient and secure experiences.
- Something Else**  
Create an app with a custom set of permissions and products.

[Learn More About App Types](#) Cancel Continue

- After that you'll be prompted to name your application. Give it a simple name like "RLP Comments." and fill out your contact email address.

**Create an App** [Close]

**App Display Name**  
This is the app name associated with your app ID.  
RLP Comments

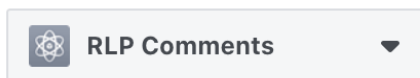

**App Contact Email**  
This email address is used to contact you about potential policy violations, app restrictions or steps to recover the app if it's been deleted or compromised.  
support@elearningbrothers.com

**Do you have a Business Manager account? · Optional**  
In order to access certain aspects of the Facebook platform, apps may need to be connected to a verified Business Manager account. If you haven't yet set up an account, you can create one now or later in the process.  
No Business Manager Account selected

By proceeding, you agree to the [Facebook Platform Terms](#) and [Developer Policies](#)

[Back] [Create App]

- It may ask you a captcha question to make sure you're not a robot. Complete the question if this happens.
- You will be redirected to the app page.
- Select and copy the App ID to your clipboard.

**App ID:** 218317326587129

- Switch back to Rockstar Learning Platform and paste this into the App ID Field.

**Facebook App ID**

543...40

The App ID given to you by Facebook after creating an app. You can setup your Facebook App ID [here](#) (requires a Facebook account). Facebook comments will not work without a valid App ID.

**Facebook Comments Default**  
Enable Facebook comments when creating new sessions

[On] [Off]

- Congrats! That's IT! You've now enabled Facebook commenting.
- Remember, the default switch will only apply to NEW modules. You'll need to enable it manually on each existing module in your library.
